

June 10, 2008

Dear Dr. HAKKIAN,

I am now healing well with
with only as much pain as
to be expected after my recent
bunionectomy. I wanted to
take the time to extend my
thanks to you and your staff
as well as Dr. Olea for the
great treatment I received
during and after my operation.
A special thanks is extended

[REDACTED]

for their constant attention during
my recovery. Their care was very
reassuring especially during the
first couple of days.

So, thanks very much again.
and we will see you soon.

Sincerely, - [REDACTED]

Your thoughtfulness
meant the world to me.
